Questo decoro ha la particolarità di avere il tovagliolo con i colori invertiti rispetto al coprimacchia: il tovagliolo ha il fondo chiaro con i nastri scuri, il coprimacchia ha il fondo scuro con i nastri chiari.

This design is particular as the napkins have the colours reversed with respect to the tablecloth: the napkin has a lighter background colour with darker ribbons, while the tablecloth has a darker background with lighter ribbons.
